- I. Welcome and Approval of Agenda (Jose Gorrin-Peralta)
 - A. Agenda approved
 - B. Presentations:
 - i. MCH Timeline and Power Point presentation (Laura Kavanagh – MCHB); Developed with Greg Alexander, Holly Grason and Colleen Huebner (excellent slideshow, with *Lean on Me* and *Teach Your Children* soundtrack)
 1. Please use it, provide feedback
 2. MCH library collection will be digitized and provided at that website (<http://www.mchb.hrsa.gov/timeline/>)
 - ii. In second part of the meeting, recognition of Gene Declercq (see notes below)
 - iii. Charlie Mahan: Credentialing issues reviewed (moved up from Item VIII)
 1. Following above presentation, Dr. Mahan noted that there are slides on the ASPH website, but there's no music, and they're not very funny
 2. Pamphlet provided explains history and process of credentialing public health professionals
 - a. Public health is the only health entity without national credentialing examination
 - b. Attempts of the past 20 years to create one have failed
 - c. Following organizations formed National Board of Public Health Examiners (NBPHE): American Public Health Association (APHA), Association of Schools of Public Health (ASPH), Association of State and Territorial Health Officers (ASTHO), Nat'l Association of County and City Health Officials (NACCHO) and Association for Prevention Teaching and Research (APTR)

- i. Questions about sub-specialty exams (no plans yet, maybe MCH will develop its own exam), and students from non-accredited schools taking exam
- iv. CDC presentation on Women's Health and Preconception Care (Kay Kelso from CDC)
 1. Review of disparities and pregnancy outcomes, infant mortality rates not improved in the last 10 years, consensus has been growing over 20 years that something like this connection should take place
 2. CDC held June 2005 conference, 450 attended with 70 communities presenting abstracts
 - a. Advisory Board of 52 members formed – leaders in preconception care
 - b. Published supplement in MCH journal (33 articles on policy and practice)
 - c. Introduction of “Reproductive Life Plan”
 - d. Now have speakers' bureaus, curriculum materials, money for doctoral dissertations to do their dissertations on preconception care
 - e. Discussion of ATMCH role in curriculum development and MCH Journal supplement for text references
 3. Concern expressed that the integration of women's health and preconception care along with a “Reproductive Life Plan” may serve to set back women's status several decades by putting women's health back into an exclusively reproductive role

II. Approval of Minutes

- A. Approved

III. President's Report
