

APPLY TODAY

MS/PhD in Public Health Sciences

Two concentrations: Epidemiology & Health Behavior Research

Accepting Fall 2018 Applications Now

The MS/PhD in Public Health Sciences prepares students for careers in academia.

Our faculty conduct research in health disparities, maternal and child health, healthy aging, substance abuse, or online/m-health interventions.

PhD students receive a \$24,000 annual stipend, a waiver of tuition and fees, and free health insurance coverage. Tuition and fees are waived for MS students.

Application Deadline

Priority deadline for funding opportunities is January 15 for PhD, March 15 for MS.
